- Setup your space
- Set your own prices & keep your profits

Each selling space will measure just over **10' x 10'** to better accommodate a 10'x10' tent with a little more leeway. The park contains large trees/roots and each space is not "perfect". We try our best to avoid obstructions by natural objects with at least one side open to an aisle. **12x12 tents will not fit in one space.**

Please be weather wise and bring plastic covers and rain gear. Our shoppers come ready to buy no matter what the weather is like. Canopies and awnings are permitted within the confines of your space.

We may have volunteers to help you get your items to your space. However, bring only what you can easily get to your space and set up. ***Do not come alone. Bring someone to help you.***
